

LHDA Inspires St. James High School Learners Through Motivational Session

As part of its ongoing commitment to improving the lives of young people in Mokhotlong, the Lesotho Highlands Development Authority (LHDA), through its Polihali Operations Branch, organised a motivational session for learners at St. James High School.

The session targeted Grade 11 and Grade 12 students, with the aim of inspiring them to pursue excellence and remain focused on their educational journey. By encouraging the learners to set high standards for themselves, the LHDA sought to instil a sense of determination and resilience that will help them succeed both academically and personally.

Speaking at the event, LHWP representatives emphasised the importance of education as a key to unlocking opportunities and building a brighter future. The session also highlighted the role of discipline, hard work, and positive decision-making in shaping the learners' paths towards success.

Through initiatives like this, the LHDA continues to demonstrate its dedication not only to infrastructure development, but also to uplifting communities by empowering young people with the knowledge, inspiration, and confidence to reach their full potential. This effort builds on a series of ongoing engagements with learners about the Project, including the Annual St. James Excellence Awards and the Lesotho Careers Expo, both held annually.
